Cordless impact drill driver ABS 18 POWER COMBI M-CUBE

M-CUBE BATTERY-SYSTEM

Very powerful, handy cordless impact drill driver with selectable impact drill mode and a torque of 140 Nm

- Fast adaptation to the respective application, as the function selector switch can be used to easily and quickly switch between screwing, drilling and impact drilling
- Continuous monitoring of the motor, because in the event of the motor overheating or becoming jammed or overloaded, the electronic motor protection function switches the motor off prematurely
- Efficient, low-maintenance, brushless EC motor with power reserves and a long service life, maintains a more stable speed curve even under load
- The LED light on the battery block ensures a well-lit work area
- Robust design for heavy-duty use on construction sites
- Maximum service life and low wear
- 13 mm Röhm metal drill chuck with soldered carbide clamping jaws
- Electronic signal switch

Nominal voltage	18 V/DC
Idle speed 1st/2nd gear min./max.	0-550/0-2000 rpm
Max. torque hard/soft	140/60 Nm
Max. impact rate	32000 rpm
Min./max. drill chuck span width	1.5-13 mm
Weight of machine with rechargeable battery	2.3 kg
Max. drilling diameter in steel	13 mm
Max. screw diameter	12 mm
Length	215 mm
Height	260 mm

2-year Würth power tool guarantee on wear and tear damages and replacement of batteries and chargers.

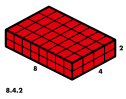
The guarantee is subject to the current terms and conditions, which must be followed.

2 Years Warranty on manufacturing and material defects

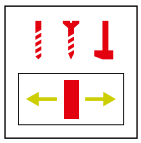
Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.

CL01_5001030312, Rev: 0.669, State: 27. 10. 2026

Included in delivery	Number of rechargeable batteries/batteries	Rechargeable battery/battery capacity	Art. no.	P. Qty.
With 2 x 5 Ah batteries; additional accessories not included	2 PCS	5 Ah	**5701 405 008**	1
Batteries not included; additional accessories not included	0 PCS	0 Ah	**5701 405 000**	1



Case in 8.4.2 format compatible with many other Würth system cases.

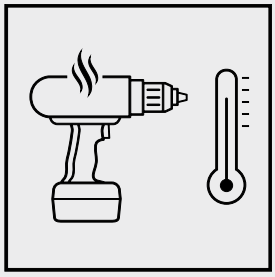


Function selector switch: Quickly and easily switch between screw-driving, drilling and impact drilling.

24-step adjustment option: Precise and effective working through ideal torque setting and optimum throughput.

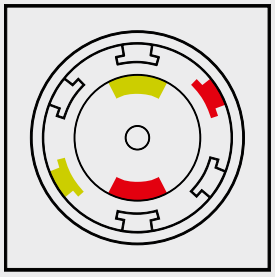
Details/Application

Electronic motor protection function:



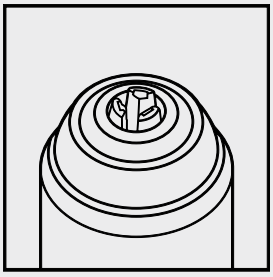
Continuous motor monitoring increases its service life, since the motor is shut off quickly in the event of overloading, overheating or a jam.

Brushless Motor:



Longer working life of the EC-motors, low-maintenance, as carbon brushes do not have to be changed. More efficient and powerful motor in a smaller size.

Drill chuck:



13 mm solid metal drill chuck for use with commercially available shank, such as cylinder and hexagon shank.
