

Cordless dust extraction ASA 18 COMPACT M-CUBE

Dust extraction suitable for cordless hammer drill ABH 18 COMPACT

Virtually dust-free working

Protects interiors from soiling by fine drilling dust particles.

No external suction necessary

Vacuum is already equipped with a suction function. Device is supplied with power from the hammer drill via plug contacts.

Automatic suction function

Suction is initiated automatically by actuating the switch on the hammer drill and operates for approx. 5 seconds after drilling. This ensures that drilling dust that would otherwise fall to the ground on removing the drill is also vacuumed up.

Prevents holes from being drilled too deep.

Adjustable depth stop with scale.

Optimally lit working area

LED light on the base also prevents shadows from the telescopic arm.

2-year Würth power tool guarantee on wear and tear damages and replacement of batteries and chargers.

The guarantee is subject to the current terms and conditions, which must be followed.

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.

Nominal voltage	18 V/DC
Suitable for min./max. drill-bit diameter	4-16 mm
Suitable for min./max. drill-bit length	100-160 mm
Max. drilling depth per cycle	85 mm
Weight	1.6 kg

Art. no. 5701 407 000

P. Qty.: 1
