

EWS 19-125-EQAC POWER angle grinder

Powerful 1,900 W angle grinder with good handling, fast material removal and maximum productivity

- Speed control allows the user to adjust the rotation speed to suit the application
- Restart protection prevents accidental startup after a power interruption
- Recoil protection prevents recoil if the disc locks thanks to mechanical decoupling
- Rotation speed remains constant, even under load
- Overload protection and soft start function
- Active vibration damping on the spindle

2-year Würth power tool guarantee on wear and tear damages.

The guarantee is subject to the current terms and conditions, which must be followed.

2 Years Warranty on manufacturing and material defects

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.

Nominal voltage	230 V
Min./max. frequency	50/60 Hz
Protection class	Protection class II/protective insulation
Power input	1900 W
Max. idle speed	11000 1/min
Min. idle speed	2800 1/min
Max. cutting disc diameter.	125 mm
Thread type x spindle-thread diameter	EG M14
Weight of machine	2.5 kg
Cable length	4 m
Min./max. idle speed	2800-11000 1/min

Art. no. 5707 064 2
