

SOFT MOTOR VEHICLE ABRASIVE PAPER

SAHARA Soft Motor-Vehicle Dry Abrasive Paper

Highly flexible hand abrasive paper laminated on foam. For all paint repair work with rough, inter-mediate and fine sanding. For fast, convenient sanding of hard-to-reach areas, e.g. edges and curves in addition to dry sanding.

- Highly flexible finishing paper on foam.

Your advantages:

- Fast, convenient sanding of hard-to-reach areas.
- Optimum adjustment to tight radii, curvatures and recesses.
→ Prevents sanding through of edges and curves.

Technical properties

Base	Highly flexible A finishing paper on foam
Bond	Synthetic resin with stearate coating
Grain	Aluminum oxide
Scattering	half-open
Color on grain side	yellow (sand-colored)
Available grain	P120 - P800
Forms	Rolls
