

LONG LIFE CUTTING DISC FOR STEEL

Very long service life and good cutting performance

- Extremely low susceptibility to breakage
- Very high lateral stability
- **Versatility (points system): ●○○○**
- **Service life (points system): ●●●●**
- **Cutting ability (point system): ●●○○**
- **Handling/user-friendliness (point system): ●●○○**
- **Cut quality (point system): ●●○○**

Complies with the most demanding safety requirements of European Standard EN 12413 and the OSA (the Organization for the Safety of Abrasives)

Diameter x thickness	Drill hole	Design	Max. rotation speed	Max. circumferential speed	Art. no.
115 x 2.5 mm	22.23 mm	Cranked	13300 rpm	80 m/s	0670 101 152
125 x 2.5 mm	22.23 mm	Cranked	12250 rpm	80 m/s	0670 101 252
150 x 2.5 mm	22.23 mm	Cranked	10200 rpm	80 m/s	0670 101 512
230 x 2.5 mm	22.23 mm	Straight	6600 rpm	80 m/s	0670 102 302
230 x 2.5 mm	22.23 mm	Cranked	6600 rpm	80 m/s	0670 102 312
300 x 3 mm	30 mm	Straight	5100 rpm	80 m/s	0670 103 133
300 x 3.5 mm	20 mm	Straight	5100 rpm	80 m/s	0670 103 023
300 x 3.5 mm	22.23 mm	Straight	5100 rpm	80 m/s	0670 103 003
350 x 3 mm	25.4 mm	Straight	5400 rpm	100 m/s	0670 103 653
350 x 4 mm	22.23 mm	Straight	5400 rpm	100 m/s	0670 103 504
