

BATTERY-POWERED ANGLE GRINDER EWS 18-A

Handy battery-powered angle grinder for mobile applications up to a disc diameter of 115 mm. In combination with additional protective hood, 125 mm diameter also possible.

Optimum power distribution

Similar to all-wheel drive, the four-pole motor distributes power better than with conventional two-pole motor.

Can be operated with only one hand

Flexible applications, even in inaccessible places.

Overload and restart protection

Added safety when working

Low weight, high performance battery with no memory effect

Li-ion technology

Continuous monitoring of the battery capacity

Charge status indicator on battery

- **Nominal voltage:** 18 V/DC
- **Max. idle speed:** 10000 U/min(rpm)
- **Max. cutting disc diameter.:** 115 mm
- **Weight of machine without rechargeable battery:** 1.65 kg
