

## Two-hand angle grinder EWS 24-230

**2400-watt angle grinder for disks with max. 230 mm diameter.**

### Optimum working position

Handle can be rotated in 90° steps

### Less fatigue when working

Very slim housing and vibration damping on both handles

### Twist-resistant protective guard

- The hood cannot become twisted during work, offering ideal protection for the user
- Adjustable without tools, for rapid and effective work

### Recoil protection

If the disc suddenly blocks, the power supply to the motor is interrupted, considerably reducing the risk of injury.

### Overload indicator

To prevent motor damage, an LED comes on if the unit becomes overloaded.

### On/Off switch with intelligent electronics

- Restart protection
- Overload protection
- Soft start

### Optimised dust-protection concept

- Double labyrinth seals for ball bearing
- Enclosed switch
- Cool air is sucked in at the rear ventilation slots and blown out at the gear head at the front

### 2 Years WÜRTH MASTERPLUS Warranty for wear damage

The current WÜRTH MASTERPLUS warranty conditions must be observed.

Nominal voltage	230 V/AC
Frequency	50 Hz
Protection class	Protection class II/protective insulation
Power input	2400 W
Max. idle speed	6600 rpm
Max. cutting disc diameter.	230 mm
Thread type x spindle-thread diameter	M14
Weight of machine	5.8 kg
Cable length	4 m

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.
