

Drill and chisel hammer BMH 40-BL

Brushless hammer drill and chipping hammer with SDS-max drive arbour, die-cast aluminium housing and anti-vibration mechanism for comfortable working at maximum performance

Maintenance-free and durable

Brushless motor

Suitable for tough construction site conditions

Robust die-cast aluminium housing

Ideal when working in softer materials

Control electronics with infinite speed and stroke rate control

Consistent speeds under load

Constant electronics with infinite speed and stroke rate control

Safe working

Safety slip clutch mechanically decouples the drive if the drill jams

Effortless work

12-way chisel adjustment allows adjustment to different working angles during chiseling work.

Warranty

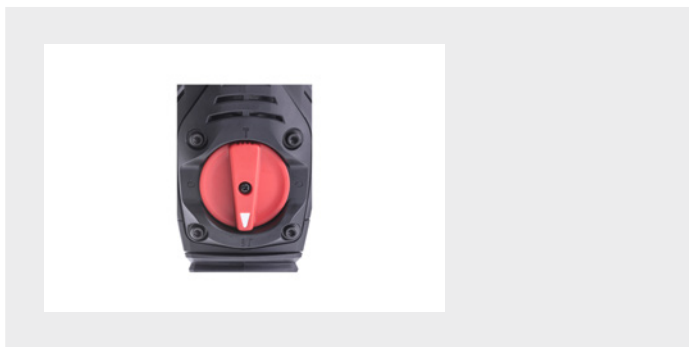

2 Years Warranty on manufacturing and material defects. Excluded are damages caused by improper use, overloading or failure to observe the operating instructions. The current WÜRTH MASTER warranty conditions must be observed.

Art. No. 0702 554 1

P. ty.: 1

In transport case

Details/Application

Nominal voltage	230 V/AC
Frequency	50 Hz
Protection class	Protection class II/protective insulation
Power input	1150 W
Power output	650 W
Min./max. idle speed	250-500 rpm
Min./max. impact rate	1430-2850 rpm
Tool holding device	Suitable for SDS-max
Impact energy	8.7 J
Min./max. drilling diameter in concrete	12-40 mm
Min./max. recommended drilling range for optimum performance (in concrete)	25-35 mm
Max. drilling diameter of breakthrough drill in concrete	65 mm
Max. drilling capacity (volume) in concrete per minute	1 cm ³
Max. chiselling power in concrete	200 kg/h
Max. drilling diameter of hollow drill bit in masonry	105 mm
Weight of machine	7.5 kg
Cable length	3.8 m
