

## Pneumatic chipping hammer DMH 10

**Extremely robust, powerful chipping hammer with optimal weight distribution and vibration damping. Ideal for all bodywork, including extraction of body panels, rough removal of coatings or removal of rust from metal parts**

**Extremely durable and insulated against cold**

Robust and partially rubberised housing

**Very handy and user-friendly**

Slip-proof, ergonomically shaped handle

**Impact power can be controlled continuously and precisely**

Adjustable trigger

**Practical plastic case and wide range of accessories included**

Including retaining spring and alternative quick-action chuck for convenient chisel changes, and 5 chisels made from special steel for long tool life

**2-in-1**

In combination with the optional screw-on attachment, it can also be used as a nail deruster.

**2 Years WÜRTH MASTERPLUS Warranty for wear damage**

The current WÜRTH MASTERPLUS warranty conditions must be observed.

Excluded are damages caused by improper use, overloading or failure to observe the operating instructions.

Tool holding device	10.2 mm hexagon socket
Operating pressure	6.3 bar
Air consumption	76.4 l/min
Max. impact rate	2900 rpm
Piston diameter	19 mm
Length	218 mm
Weight of machine	1.73 kg

**Art. no. 0703 712 1**

P. Qty.: 1

Individually boxed

## Details/Application

## Notice

- Chisel hammer is not suitable for working with concrete.
- When used regularly, the machine should be lightly oiled via the compressed air supply every day. The use of a mist oiler is recommended.
- Plug-in nipple not included in the scope of delivery
