

MEASURING WHEEL

Measuring wheel.

The lightweight measuring wheel is distinguished by its sturdy and economical design. Precise measurement results are assured due to the abrasion-proof precision wheel and the precision counting. Thanks to the ingenious folding mechanism on the guide rod, very compact packaging dimensions can be achieved. The pistol grip with integrated brake button makes an easy handling.

Art. No.	0714 641 210
Wheel circumference	1 mt
Count range	0 to 9999.90mt
Resolution	0.1 mt
Weight	approx 2.1Kg
Tolerance	0.05%
