

Fully forged roofing hammer

Extremely robust roofing hammer forged from one piece, with 2C handle

- Effortless working thanks to non-slip, shock-absorbing 2-component handle
- Nail groove with magnetic nail holder for easy, one-handed positioning of nails
- Nails can be removed in confined spaces using the nail puller at the side
- Roughened hammering face prevents slipping during striking

Hammer weight	600 g
Length	330 mm
Material of handle	Plastic

Art. no. 0715 733 130

P. Qty.: 1 / 6
