

RECHARGEABLE LED HAND LAMP ERGPOWER BOOST

Powerful LED hand lamp with additional boost mode

Latest lithium-ion battery technology

- Short charging time, long light duration

Features

- Exclusive Würth design
- Two-component housing with good grip
- IP65 protection against water and dust
- One hook for high flexibility
- Wrist strap
- Main light 5W SMD LED, spot light 1W LED
- Spot light above the luminaire head – flashlight function
- Switch mode – spot light, main light, off
- Additional boost mode for a luminous flux of 1,000 lumens
- Luminaire head can be swiveled by 160°
- Strong magnets – two magnets on the back side and one on the bottom of the light
- Battery charging status by four indicator lights
- Charging via USB
- Power supply, car charger and USB cable included in the delivery

Art. No.	0827 940 450
Min. colour rendering index (CRI)	70
Luminous flux	1000 lm
Luminous flux main light	500 lm
Luminous flux side light	300 lm
Luminous period	2.5 h
Luminous period of main light	5 h
Luminous period of secondary light	8 h
Charging time	5 h
IP protection class	IP 65
IP protection type, lamp	IP 65
Protection class	Protection class III/safety extra-low voltage
Protection class lamp	Protection class III/safety extra-low voltage
Protection class charger	Protection class II/protective insulation
Impact resistance	IK08
Nominal voltage	5 V/DC
Rechargeable battery/battery capacity	4200 mAh
Length x width x height	275 x 56 x 38.5 mm
