

FIRST-AID EYE AND FACE-WASHING SHOWER

First-aid eye and face-washing shower.

- Floor-mounted with dual control
- Antifreeze galvanised, red shower and eye-face wash. No valve. The shower is activated by pulling a rigid rod. The eye or facewashing basin has an automatic water-pressure regulator with drain off valve. The basin is operated through an automatic-closing pedal at the foot of the shower. The shower head and the basin are in ABS.
- The old metal pedal has been replaced by a new thermoplastic resin pedal which provides greater robustness and durability. It is also completely interchangeable.
- Dimensions 232 x 79 cm.
- Weight 17 kg
- Colour: red

Art. no. 898 3008
