

## Safety glasses Nashira

### Perfect protection in a sporty, dynamic design

#### Optimal view and perfect fit

- These safety goggles provide an optimal view and fit perfectly

#### Ergonomically shaped 2-component temples

- The temples ensure a secure, non-slip fit without pressure points
- They achieve the perfect balance of functionality and comfort

#### Soft nose pad

- The soft nose pad ensures that the glasses stay in place and provides a high level of comfort

#### Metal-free

- The safety goggles are completely metal-free, making them particularly lightweight and comfortable
