

## Full-vision goggles FS503

**Elegant and timeless full-vision goggles with subdued colouring**

### Perfect view with a perfect fit

- The panoramic lens guarantees excellent peripheral vision
- Suitable for every head size and comfortable to wear, thanks to the extra-wide adjustable headband
- Suitable for narrow and wide head shapes

### Scratch-resistant lens surface and permanent anti-fog coating on the inside

- The goggles have a high-quality coating

### Offer excellent air circulation as well as protection

- Indirect ventilation allows air circulation inside the goggles
- At the same time, it protects against splashes and coarse dust

### Can be worn in combination with breathing protection
