

Hustler sunglasses

Combining style and protection

Water-repellent, the blue flash polarised version repels heat, providing optimum protection and reducing glare. Ideal for off-shore activities. Also available in a smoke version.

Optical class symbols:

1. Continuous work

Mechanical strength symbols:

F. Low energy impact, resists a 6 mm, 0.86 g ball at 45 m/s Maximum protection for glasses.

T. The letter **T**, immediately after the mechanical strength symbol, authorises use for high speed particles at extreme temperatures.

Others symbols:

CE European Standard

☞ Manufacturer Name

Cleaning: The lenses should be cleaned regularly. Bollé Safety recommends only using the B-clean lens cleaning system.

Maintenance: Pitted, scratched or damaged lenses must be replaced by replacing the complete product. If the frame is damaged also replace the complete product. After each use it is recommended to keep the spectacles or goggles in a microfiber pouch or rigid case.

Storage: All products must be stored in a dry and clean environment.
