

SURGICAL MASKS

Art. No.	Description	Colour
899110 950	Surgical Mask	Black
899110 951	Surgical Mask	Blue
899110 959	Spare Filter	White

Reusable surgical face mask with changeable filter.

Protection and comfort in daily life, when in contact with others, protecting the wearer and others around.

- Especially developed for medical use.
- Hygienic reusage by washing up to 60 degree Celsius.
- Easy and fast change of disposable, high performance filter.
- Disposable Bag supplied for used filter.
- Antiseptic single package of every filter.

The surgical mask VIRPROTEC® is a loose-fitting reusable mask with a disposable filter, that protects the wearer's nose and mouth from contact with droplets, splashes and sprays that may contain germs. A surgical mask also filters out large particles in the air. Surgical masks may protect others by reducing exposure to the saliva and respiratory secretions of the mask wearer.

Can be worn in different risk environment. Filter has to be changed after 6-12h use, or when getting wet.
