PROTECTIVE GLOVE TIGERFLEX® DOUBLE

Assembly glove, fits equally well on the right or left hand. Can be worn on either hand.

Maximum wearing comfort

- Skin-friendly and soft, seamless, round-knit fabric with a snug fit
- Breathable glove coated with nitrile foam and additional nitrile „Tiger“ grip on both sides
- Special bending areas for maximum finger movement
- Elastic cuff

High degree of protection and mechanical resistance

The all-over coating ensures improved dust- and water-repellency

Cost-effective and environmentally friendly

The glove can be worn on both hands, for a longer service life

- **Gauge:** 15
- **Material of liner:** Nylon
- **Material of coating:** Nitrile foam
