

TIPMATIC

For handle-free wood/aluminium frame doors and glass/mirror doors

- Doors open to a convenient opening angle by gently tapping the front
- All hinges without self-closing mechanism can be used
- Wide catching range of magnet ensures reliable door closing
- The front gap can be adjusted between 2.5 and 5.5 mm using the integrated, self-locking and toolless depth adjustment
- Installation in the front edge of the cabinet or using an adapter plate
